SHOW CALF DEVELOPER RATION

A cottonseed hull, corn, and oat based sweet feed formulated especially to develop calves for show.

FEATURES

- * 11% Protein
- * Steamed crimped oats
- * Flaked corn
- * Rice bran
- * Cottonseed hulls
- * Rumen bypass fat

BENEFITS

- * Cottonseed hulls provide high quality roughage.
- * Balanced nutrient profile for proper muscle growth and structural development.
- * High energy from grains promotes optimum gain.
- * Molasses improves palatability to ensure consistent feed consumption.

GUARANTEED ANALYSIS

Crude Protein, minimum	11.00%
Crude Fat, minimum	3.00%
Crude Fiber, maximum	18.00%
Calcium (Ca), minimum	0.80%
Calcium (Ca), maximum	1.25%
Phosphorus (P), minimum	0.50%
Salt (NaCl), minimum	0.25%
Salt (NaCl), maximum	0.75%
Potassium (K), minimum	0.80%
Vitamin A, minimum	5,000 IU/LB

INGREDIENTS

Flaked yellow corn, cottonseed hulls (21%), crimped oats, soybean meal, chopped yellow corn, cane molasses, rice bran, calcium salts of long-chain fatty acids, calcium carbonate, dicalcium phosphate, salt, vitamin A supplement, vitamin D3 supplement, vitamin E supplement, sodium selenite, manganese sulfate, zinc sulfate, ferrous sulfate, copper sulfate, ethylenediamine dihydroiodide, cobalt carbonate.

FEEDING DIRECTIONS

Begin feeding to show calves at the rate of 1% of the animal's body weight and gradually increase the amount each day until the calf is consuming approximately 3% of its body weight daily. Divide the daily ration into two equal feedings per day. Do not feed more than the calf can consume per feeding. If calf does not consume the entire daily ration, reduce the amount fed to a level the animal fully consumes. Do not let old feed accumulate in troughs. Provide a source of fresh, clean water at all times. Depending upon the breed of calf, frame size, and amount of finish desired, continue to feed Lone Star Show Calf Developer Ration up to approximately 90 to 140 days before show date (700 to 800 pounds of body weight). At this particular time, begin feeding Lone Star Fitter's Choice Calf Finisher. Additional information on show calf feeding program is available from your Lone Star dealer.

CAUTION: Changes in the feeding rate should be made gradually. Feed should be stored in a well-ventilated, dry area protected from rodents and insects. Feed is perishable. Do not feed moldy or insect-infested feed to animals as it may cause illness or death.
