TFP NUTRITION
NACOGDOCHES, TEXAS

SUPER GLO® SENIOR

A pelletized, highly fortified ration formulated for the special needs of senior horses.

FEATURES

- * 14% protein
- * Added Fat
- * Soyhulls and Alfalfa
- * Vitamin C, Vitamin E, and Organic Selenium
- * Added Lysine
- * Probiotics
- * Chelated Sources of Copper, Zinc, Iron, and Manganese
- * Fortified with B Vitamins

BENEFITS

- * Highly digestible nutrients maintain body condition in senior horses.
- * Excellent sources of fiber for a healthy digestive tract.
- * Promotes a healthy immune system.
- * Probiotics replenish beneficial microorganisms in the digestive tract for improved feed efficiency.
- * Improved trace mineral utilization.
- * Fortified with essential B vitamins which may no longer be synthesized in senior horses.
- * Organic selenium is more easily absorbed and retained for improved health and performance.

GUARANTEED ANALYSIS

Crude Protein, minimum	14.00%
Crude Fat, minimum	4.00%
Crude Fiber, maximum	15.00%
Calcium (Ca), minimum	0.75%
Calcium (Ca), maximum	1.10%
Phosphorus (P), minimum	0.70%
Copper (Cu), minimum	40 ppm
Selenium (Se), minimum	0.30 ppm
Zinc (Zn), minimum	120 ppm
Vitamin A, minimum	5,000 IU/LB
Vitamin D3, minimum	500 IU/LB
Vitamin E, minimum	36 IU/LB
Vitamin C, minimum	75 mg/LB

INGREDIENTS

Grain products, processed grain by-products, plant protein products, roughage products (20%), forage products, cane molasses, soybean oil, calcium carbonate, diacalcium phosphate, salt, dried *Lactobacillus acidophilus* fermentation product, dried *Streptococcus faecium* fermentation product, dried *Aspergillus oryzae* fermentation extract, dried *Aspergillus niger* fermentation extract, L-lysine, ascorbic acid, vitamin A supplement, vitamin D3 supplement, vitamin E supplement, vitamin B12 supplement, riboflavin supplement, niacin supplement, calcium pantothenate, choline chloride, folic acid, thiamine mononitrate, pyridoxine hydrochloride, biotin, selenium yeast, zinc methionine complex, zinc sulfate, iron amino acid chelate, ferrous sulfate, manganese amino acid chelate, manganese sulfate, copper amino acid chelate, copper sulfate, ethylenediamine dihydroiodide.

FEEDING DIRECTIONS

The recommended feeding rate for SUPER GLO® SENIOR is shown below. Do not feed free choice. Provide plenty of good quality hay or pasture along with a source of fresh, clean water. If you feed by dry measure, periodically weigh the feed to ensure that the proper amount is being fed. Observe the condition of your horse over a period of time. The recommended feeding rates may be increased or decreased to keep your horse in the desired condition.

Changes in feed or feeding rate should be made gradually over several days. Changes in feeding rate should not exceed 1 pound per day. Feed at regular times at least twice daily. If horse is hot, excited, or ill, delay feeding. Do not allow horse to over-consume or eat rapidly.

An effective parasite control program is essential to your horse's health. Observe your horse's condition regularly. Consult a veterinarian if any problems arise.

Wt. of Horse	800	1000	1200
HAY/PASTURE	8	10	12
SUPER GLO® SENIOR (min. lb/day)			
Maintenance	8-12	10-14	12-16
Light Work	12-14	14-16	17-18

CAUTION: Feed is perishable. Feed should be stored in a well-ventilated, dry area protected from rodents and insects. Do not feed moldy or insect-infested feed as it may cause illness or death.
