NET WEIGHT: 25 LBS. (11.34 KG)

Directions for use: SWEETLIX® Farm Flock Supplement Block is designed especially for the needs of your home flock. Made with wholesome grains, minerals and vitamins critical for growth and egg productions, SWEETLIX® Farm Flock Supplement Block works in conjunction with most rations.

Provide at least 1 block per 5-20 birds, depending upon size, housing conditions and ration availability. It may be necessary to provide more than one block for access purposes.

Place blocks in an appropriate feeder or on the ground away from excessive moisture. SWEETLIX® Farm Flock Supplement Block satisfies birds' natural pecking tendencies and can help alleviate aggressive behavior between birds.

Store blocks in a cool, dry area away from rodents and insects.
